AMENDMENT AFTER FINAL REJECTION

Commissioner for Patents
Washington, D.C.

SIR:

Responsive to the Office Action mailed on January 3, 2003, please amend the above-identified application as follows.

IN THE CLAIMS

Claims 1-3, and 6-8 (the remaining claims) are canceled. Claims 13-18 are newly added. A clean version of all pending claims is provided herewith in **Attachment A**.

REMARKS

An obvious error was made in amending the claims presented in the last Amendment. As set forth in the Amendment itself, original claim 1 was to be amended and a clean set of the pending claims were to be presented. As was also set forth in the Amendment, claim 1 was to be amended by including the subject matter of claims 4 and 5 therein. Unfortunately, the claims presented were claims from a companion application naming the same inventors, viz., the application that issued as U.S. Patent No. 6,427,718. Because of this error, the claims that were presented in the last response are claims from the other application even though claim 1 of that application has been amended adding the subject matter of claims 4 and 5 of this application.
